### Audio Note UK *TT Three & PSU3* analogue system, **\$31,566** with *Arm 3/II, IO1* cartridge, *S4L* stepup transformer

Dynamic. Dexterous. Harmonically complete.  
Audio Note's TT Three turntable brings vinyl recordings to life.

**TT3/PSU3:** High mass torque provided by three powerful, synchronized motors driving a light Lexan platter. Balanced three point suspension. Premium PSU3 motor controller. **\$16,531**

**Arm-3/II:** 9" arm, drop in replacement for the classic single-hole Rega. Internally wired with Audio Note's AN-AI silver, includes captive AN-Vx interconnect. **\$2465**

**IOI:** Low output moving-coil phono cartridge. **\$5028**

**S4L:** In-house wound stepup transformer. Silver, with mumetal core. **\$7542**

### Audio Note UK *CD4.1X* CD player **\$14,331**

Level Three integrated redbook CD player. Rediscover the magic in your CD collection.

Based on an upgraded CDT Two/II & DAC 2.1x, with special attention paid to the power supplies. Philips CDPro2 transport mech, 2 x 6DJ8 analogue output section.

### Audio Note UK *Meishu Phono Tonmeister Silver* **\$19,300**

The new Meishu *Tonmeister* maintains the legendary musicality, midrange magic and glorious tone of the original Meishu, now more transparent and dynamic. 300B SET, redefined.

8 watt Class A 300B full function integrated amplifier with MM phono section, 12AU7 & 5687 in the first gainstage, 12AX7 & 6DJ8 phono section, 5U4G rectification. Simple, transformer-coupled circuit derived from Audio Note's Balanced architecture.

### Audio Note UK *AN-E SPx LTD* field coil loudspeakers **~\$65,000**

The music. It's all about the music. Retro look, modern performance. Designed to be placed close to the front or side wall, or into a corner. Cabinet designed to resonate like the body of an instrument, complementing the performance of the carefully matched drive units. These brand new field coil drivers open a new window onto your music.

2 way rear ported enclosure, 1" field coil tweeter, 8" field coil bass driver, 98db, internally wired with Audio Note's SPx cable, 31 strand silver litz. One external power supply (for the field coils) per loudspeaker, in a separate enclosure.

### Power and signal cabling from Audio Note UK

Custom drawn from their own Copper or Silver, then coated in a variety of dielectric polymer, depending on the particular cable's intended application.

### HRS *SXR* Equipment Stand with *M3x2* Isolation Bases frame: **\$7450**

Machined aluminum equipment stand frame designed for excellent isolation base performance. Flexible system can be expanded, contracted or reconfigured at any time, preserving initial investment.

### HRS *SXR M3X2* Isolation Bases **bases: \$3995 ea.**

Reference level M3x2 bases used as shelves are optimized for individual electronics.
